

FULL SCALE CRASH TEST FACILITIES

Since 1985, ARIES designs state of art full-scale crash test facilities.

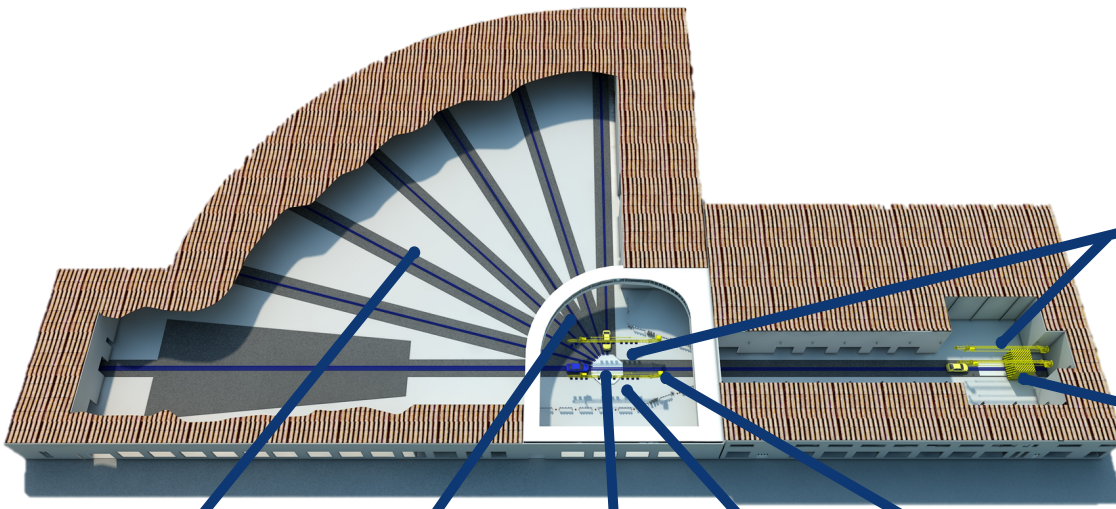

Designed and engineered by a team of passive safety expert engineers, ARIES facilities can satisfy all of your crash testing needs:

- Frontal Impact
- Side Impact
- Rear Impact
- Car-To-Car
- Low Speed
- Rollover
- Integrated Sled

Turn-key solutions, tell us your needs, ARIES will take care of the rest.

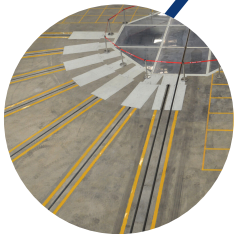

ONE FACILITY - INFINITE SOLUTIONS
